

Dear Coordinator

The Sports Club Association *Forza Junior Costuleni* would like to express its sincere gratitude to the organizers of the project “*Culture and Creative Arts as Tools in Non-Formal Education for Inclusion (CACAT-NFE-FORI)*” for the valuable opportunity offered to our young participants. The activities combining art, dance, and theater provided a meaningful context for exploring social inclusion, cultural diversity, and creative expression as tools for connection and learning among youths from different countries.

This project had a remarkable impact on our participants, who returned home more confident, open-minded, and motivated to take an active role in their communities. By interacting with peers from across Europe, they developed communication and teamwork skills, gained a deeper understanding of European values, and discovered new perspectives on non-formal education and youth participation. For many of them, this was their first international mobility — an experience that truly broadened their worldview and strengthened their sense of belonging to the European community.

Gratefully,
Hilitanu Catalin
ACSFJC
